1. Introduction

The purpose of Skills Bootcamps is to support adult learners to gain skills which will lead them to meaningful, sustained and relevant employment. South Yorkshire commenced procurement and delivery of Skills Bootcamps in 2023 and the South Yorkshire [Skills Strategy](#) sets out a clear framework for how we will support residents undertaking Skills Bootcamps across South Yorkshire to succeed.

In addition to our Skills Strategy, there are a number of other national, regional and local plans which will inform how we deploy Skills Bootcamps funding for 2026/2027 and beyond.

Connect to Work, Growth Accelerator and the Economic Inactivity Trailblazer under the programme **Pathways to Work** will support economically inactive residents across South Yorkshire to access work or move closer to the labour market and develop skills to support them into employment with consideration of longer-term career progression.

Our [Local Skills Improvement Plan](#) (LSIP) has a focus on the need for improved levels of baseline digital skills as well as the need for specific digital skills to allow working residents to be able to adapt to new technologies and ways of working in order to access and safeguard good quality jobs locally.

The **Plan for Change** target to build 1.5million homes across the country will mean we need to ensure that South Yorkshire residents have the right skills fit for the future in expanding the building workforce to support this ambition.

The **SYMCA Plan for Good Growth** highlights four growth areas within South Yorkshire where SYMCA aims to increase regional income and investment with a view to securing more high paid jobs locally.

The **National Industrial Strategy** has identified a number of sectors which resonate with

the targets SYMCA have set out to government including Advanced Manufacturing, Clean Energy, Defence, Digital and Professional and Business services.

The focus of our delivery in 2026/2027 will be to align Skills Bootcamps provision with our skills strategy mission areas and to increase provision across both DfE's priority sectors, and our local priority sectors.

SYMCA Skills Strategy mission areas

1. Moving those far from the labour market into work or ready for work.
2. Raise attainment of core knowledge and skills.
3. Increasing the supply of a high skilled workforce.

Whilst Skills Bootcamps support all three missions, the programme is the most strategically aligned to mission 3, with a focus on upskilling and partnership with employers for employment opportunities.

SYMCA target sectors

For the 2026/27 academic year, SYMCA are commissioning the following sectors:

- Lot 1 - Digital
- Lot 2 – Green Skills
- Lot 3 – Construction and the Built Environment
- Lot 4 – Business and Administration
- Lot 5 – Creative Industries

Additionally, SYMCA considers local LMI to inform programme commissioning aligned to skills gaps and job vacancy demand.

2. Background to Skills Bootcamps

- 2.1 These rules contain conditions of funding for the delivery of Skills Bootcamps in South Yorkshire.
- 2.2 The content and requirements set out in this document apply to all learning organisations delivering Skills Bootcamps provision to both residents and those working for South Yorkshire employers funded by the Authority.
- 2.3 The principal purpose of Skills Bootcamps aims to secure benefits for adults aged 19+ by giving them access to in-demand skills training and a guaranteed interview for a more sustainable, higher-skilled job and higher wages over time. The benefits for employers include helping them fill specific skills shortage vacancies, enabling them to become more productive, more quickly.
- 2.4 The Authority is focused on securing positive outcomes for residents and as such it places significant importance on the quality of the initial assessment and prior attainment, enabling residents to meet their current and future goals.
- 2.5 These rules do not apply to:
- Advanced Learner Loans
 - Pathways to Work
 - Adult Skills Fund
 - Free Courses for Jobs (FCFJ)
 - Apprenticeships
 - Skills Bank
 - Any other government or MCA funded programmes unless explicitly confirmed by the Authority
- 2.6 This document forms part of the terms and conditions of funding and must be read in conjunction with the funding agreement and/or contract. Learning organisations

must operate within the terms and conditions of the funding agreement/contract and the ILR specification. Failure to do so is a breach of the funding agreement with us.

- 2.7 The Skills Bootcamps funding rates and rules will be regularly reviewed, and learning organisations will be notified of any changes. Learning organisations must have due regard to the Authority's priorities as informed by the [SYMCA Skills Strategy](#) and the [Local Skills Improvement Plan](#). Learning organisations should read these core documents and familiarise themselves with our ambitions and priorities.
- 2.8 All information, including hyperlinks, were correct when this document was published, and the Authority reserves the right to make changes to these rules.

Understanding the terminology

- 2.9 The term 'we' is used in this document it is referring to the South Yorkshire Mayoral Combined Authority (SYMCA).
- 2.10 When we refer to 'you' or 'learning organisations', this includes Colleges, Higher Education Institutions, Training Organisations, Local Authorities, and other organisations who will receive funding from us to deliver education and training to residents of South Yorkshire. We will use the generic term 'you' or 'learning organisation' unless the requirements only apply to a specific learning organisation type.
- 2.11 We use the term 'funding agreement' to include:
- Grant Funding Agreements (grant agreements with locally based colleges and Local Authorities within South Yorkshire and certain other learning organisations with a base in South Yorkshire that are s.28 designated with a proven track record of delivery);
 - Contracts;

- 2.12 We use the terms 'resident' and 'learner' to cover those South Yorkshire residents whose provision is funded by the Authority. Eligible Residents will have a post code which confirms they reside in Barnsley, Doncaster, Rotherham, or Sheffield for the duration of their learning. The DfE will release a file with eligible postcodes [here](#).
- 2.13 We use the term 'provision' or 'learning' to refer to all learning that we fund, whether it is a regulated qualification or non-regulated qualification as detailed in the [Find a Learning Aim Service](#) or as agreed with the Authority.
- 2.14 If we refer to 'learning aims', we mean a single episode of learning which could be a regulated qualification, a component of a regulated qualification or non-regulated learning.
- 2.15 You can contact us at skillsbootcamp@southyorkshire-ca.gov.uk or you can contact your nominated Grant/Contract Manager as detailed in your contract.
- 2.16 We may refer to this document as 'funding rules' or 'the rules'.

3. Principles of funding

- 3.1 The overall aims of Skills Bootcamps are:
- To deliver flexible training programmes lasting up to 16 weeks, based on employer / sector 'in-demand' skills needs which may be either regulated (i.e. qualification based) or non-regulated (e.g. based on alignment with industry standards) enabling adults to do training around work and other commitments, looking to gain work, additional responsibilities, or access new opportunities and will ensure a job interview is undertaken (in the case of a new job) to individual participants on completion of the course.
 - To address the needs of adults (19+) who are full-time and part-time employed, unemployed (economically inactive, or claiming benefits for no

more than 6 months).

- To support the self-employed and provide individuals with wider access to opportunities to retrain, update or formalise their skills or acquire specialist skills.
- To address the needs of employers and the wider economy, to deliver targeted interventions to meet short-medium term demand to fill vacancies and drive productivity. They will help fill medium and higher level vacancies and bring individuals closer to better jobs, by linking them with line of sight to a job/different role, additional responsibilities or new opportunities/contracts.
- To help fill vacancies and bring individuals closer to better jobs (including those currently in employment), by linking them with line of sight to a job/different role, additional responsibilities or new opportunities/contracts.

3.2 These funding rules apply to all learners starting Skills Bootcamps provision. You must check the eligibility of the learner as we will not fund learning for an individual whilst they remain ineligible. You must not fund a learner who is unable to complete a learning aim or programme of study in the time available.

3.3 You must not transfer, cross or double fund learning supported by Skills Bootcamps for learners with:

- Skills Bootcamps from national DfE funds
- Skills Bootcamps from other devolved / ringfenced budgets
- Apprenticeships
- DfE funded 19+ Free Courses for Jobs
- SYMCA funded 19+ Free Courses for Jobs
- Any other Combined Authority Free Courses for Jobs
- Advanced learner loans bursary fund
- Advanced learner loan facility
- DfE funded Adult Skills Fund
- SYMCA funded Adult Skills Fund
- Any other Combined Authority Adult Skills Funding

- Any other training provision funded by SYMCA or the Government, unless explicitly confirmed by the Authority
- 3.4 An adult may only undertake one Skills Bootcamp per funding year (1 August to 31 July) and must not be on more than one Skills Bootcamp at any one time. However, where an individual starts a Skills Bootcamp and then realises that it is not suitable for them for whatever reason, they may start and be funded for another Skills Bootcamp so long as the first milestone payment has not been reached.
- 3.5 Learning Organisations have a contractual obligation to ask prospective learners whether they have already undertaken a Skills Bootcamp in that funding year and if they are currently undertaking a Skills Bootcamp.
- 3.6 Learners may transfer between Skills Bootcamps within a funding year between 1st August to 31st July but only under the following conditions:
- The learner must have left their first Skills Bootcamp before the first payment milestone cut-off.
 - The learner may only start two Skills Bootcamps maximum within a funding year from 1st August to 31st July.
- 3.7 You must complete learner records accurately, including the resident's Unique Learner Number (ULN) field, to access Authority funding. It is particularly important that, as part of your initial assessment, you ensure the resident's postcode relates to where the individual resides or works at the start of their programme of learning. Should any changes occur in year the Learner Record Service information must be updated.
- 3.8 You must hold evidence to assure the Authority that you are using the funding appropriately. We retain the right to request performance management information and related evidence as part of our ongoing risk-based performance

management process.

- 3.9 We expect high-quality provision delivering measurable impact on the progression and outcomes for our residents and value for money for the public purse.
- 3.10 The Authority supports sub-contracting where it:
- Extends the breadth and reach of provision to under-represented or hard to reach residents, provides opportunities to offer small scale, niche, or specialist provision; or
 - Encourages employers to recruit and develop their workforce.
- 3.11 You must take your own legal advice about the impact of the Public Procurement Act 2023 on your recruitment of delivery sub-contractors and have this advice available for inspection by us on request. If your organisation does not apply a rigorous sub-contracting due diligence process, we will review your funding arrangements and limit your ability to sub-contract provision.
- 3.12 Additional information on sub-contracting can be found at section 5 of this document and within your Grant Agreement or Contract for Services.
- 3.13 For Skills Bootcamps the Authority has a minimum grant or contract value of £100,000. We may at our discretion consider on a case-by-case basis contracts under this value only if there is a strong demonstration of strategic fit to local priorities and/or the provision is niche in nature.
- 3.14 We will in advance of the commencement of a Skills Bootcamps contract:
- Undertake additional onboarding activities which may include (but are not limited to) teams and face to face sessions with SYMCA officers for any new learning organisations starting delivery
 - Undertake an initial review of all learning organisations including checks on

Ofsted grading

- Undertake a due diligence exercise
- Agree a Delivery Plan (the value of which forms part of your grant or contract)
- Introduce an ILR-based payment model where the ILR becomes the primary source for payment validation. All provision must comply fully with ILR requirements and provide auditable evidence aligned to ILR submissions

Contract period

- 3.15 Learning Organisation contracts will be awarded and run until 31st July 2027. They will be awarded at Lot level. Within the contract there will be a description of the contracted services to which you are expected to deliver as part of your contractual fulfilment obligations. Learning Organisations cannot move contracted provision between different Skills Bootcamps within their contract (including learner volumes) without prior approval from SYMCA.
- 3.16 The Learning Organisations contract/s will be for the duration as stated in each individual contract. All contracts awarded under this opportunity will be subject to available budget, resource and successful completion of suitable due diligence processes. SYMCA reserves the right to extend the contract for a further period of 12 months, this will be subject to performance, demand including job vacancies available in the region, alignment to strategic priorities and funding availability.
- 3.17 Milestones 1 and 2 must be completed by 30th April 2027. Learner outcomes must be achieved within three months after the learner has completed their course and no later than 31st July 2027 – whichever comes first.
- 3.18 The Learning Organisation must deliver against the individual contracted services that constitute the overall contract - this includes the type of service to be delivered.

Fees and charging

- 3.19 You must not make compulsory charges relating to the direct costs of delivering a Skills Bootcamps to learners.
- 3.20 Employers must co-fund a Skills Bootcamp if they are seeking to upskill their own workforce.
- 3.21 Where an employer is training an existing employee, they must contribute to the cost of the course. In the case of large employers, SYMCA will cover 70% of the cost of the Skills Bootcamp per employee, with the remaining 30% of the agreed learner rate to be funded by the employer.
- 3.22 In the case of small and medium-sized employers, SYMCA will cover 90% of the cost of the Skills Bootcamp per employee, so the employer contribution is reduced to 10%. A small or medium-sized employer is defined as having fewer than 250 employees.
- 3.23 Evidence of payment of the 10% or the 30% co funding from the employer via invoice and/or receipt must be available upon request. This is detailed in the evidence requirements document Annex C.
- 3.24 Existing employees are defined as someone directly employed by the employer, not a temporary worker, self-employed and contractor, director, or officeholder. However, where a director or office holder is also an employee, the employer will be expected to contribute. Further information on employment status is available.
- 3.25 Learning Organisations are free to agree to further funding contributions from employers should they want to enhance the content of the Skills Bootcamp.

- 3.26 Learning organisations are responsible for ensuring they collect, and maintain evidence of, payment of the employer's contribution.
- 3.27 Courses are fully funded for independent learners (individuals not being co-funded by their employer) and for the self-employed.
- 3.28 If a learner needs a Disclosure and Barring Service (DBS) check to participate in learning, you cannot charge them for this. If the learning is associated with the learner's employment, their employer is responsible for carrying out and paying for this check.

Qualifying days for funding

- 3.29 For funding purposes, 14 qualifying days means that the learner completed an initial assessment, attended day 1 of their Skills Bootcamp and undertook the required study and remained on the programme on day 14 (calendar days). The 14 qualifying days of the training course must include a minimum of 10 guided learning hours. Where SYMCA has contracted a Bootcamp for a delivery duration of a less than 3 weeks, the Authority may agree on a case-by-case basis a shorter qualifying period.

Guided learning hours (GLH)

- 3.30 Guided Learning is the activity of a learner being taught or instructed by – or otherwise participating in education or training (including placement, onsite or practical education or training) under the immediate guidance or supervision of a lecturer, supervisor, tutor or other appropriate provider of education or training, with the simultaneous presence of the learner and that person in the same physical or virtual space. This could include, but is not limited to, simultaneous presence: in a classroom, in a virtual classroom or breakout room,

on site, placement, or other physical learning environment.

- 3.31 GLH can include learners being taught content in the same physical or virtual space (such as a classroom style delivery), as well as undertaking project work, workshops and assessments which are under the regular guidance, supervision and support of a tutor i.e. the tutor is 'circulating', checking in on groups/learners, offering advice, guidance and feedback, asking prompt questions to stimulate ideas, getting learners on the right path etc. This can also include work-based activities and coaching and mentoring among others
- 3.32 GLH does not cover examples where learners are instructed to do a project independently, in groups or alone where the tutor is not regularly supporting or interacting in the ways described above i.e. it does not include time spent on unsupervised preparation or study, whether at home or otherwise. It also does not include optional, drop-in sessions that learners can book in addition to the planned guided learning hours set out. It does not include watching recordings from live, or prerecorded sessions.
- 3.33 Guided learning Hours (GLH) for Skills Bootcamps Wave 7 must be delivered at no less than 60 GLH where a learner's status is recorded as unemployed or employed but not co funded through an existing employer.

Where the Skills Bootcamp is targeted at self-employed and employed individuals (co funded by an existing employer) and is an upskill of their current practice, there is a flexibility to reduce the GLH to no less than 30 GLH.

Breaks in learning

- 3.34 You and the learner can agree to suspend learning while the learner takes a break from learning. This should be discussed with SYMCA before the final agreement with the learner. We will not fund a learner during a break in learning.

- 3.35 You must record the date a learner starts a break in learning and the date they restart their learning in the ILR. Further guidance on recording breaks in learning can be found in the ILR provider support manual for 2026/2027. [Individualised Learner Record \(ILR\) technical documents, guidance and requirements \(submit-learner-data.service.gov.uk\)](#)
- 3.36 You must have evidence that the learner agrees to return and continue with the same learning aim; otherwise, you must report the learner as withdrawn. When the learner returns to learning, you must re-plan and extend the remaining delivery as required.
- 3.37 You must not use a break in learning for short-term absences, such as holidays or short-term illness.

Learner eligibility

- 3.38 Additional information on eligibility is contained in Annex B.

4. The Skills Bootcamp Delivery Model

Eligible non-regulated learning

- 4.1 Skills Bootcamps are intensive, level 3-5 or equivalent flexible training courses delivered up to 16 weeks, with a guaranteed job interview (in the case of a new job), which equip adults with technical skills that enable them to access in-demand jobs, apprenticeships, new opportunities and an increased level of income over time (included for those self-employed).
- 4.2 Lot 3 on the SYMCA Skills Bootcamp pseudo framework will be funded as an exception from level 2 -5.

4.3 The following are the core features of a Skills Bootcamp, and all must be included within every Skills Bootcamp that is funded and delivered by learning organisations contracted by the Authority:

- Skills Bootcamps must be available to all adults aged 19+ prior to the course start date who are either employed, self-employed or unemployed
- Skills Bootcamps training must be free to the learner
- Skills Bootcamps should be delivered up to 16 weeks (no longer)
- Skills Bootcamps must include guaranteed interviews for unemployed or individuals seeking a career change (fully funded) participants, or an offer of a new role/additional responsibility within the current employer for co-funded learners for a job that utilises the skills acquired through the Skills Bootcamp. They should enable new opportunities to be available for self-employed learners to use the training to get new work or contracts
- Skills Bootcamps must provide wraparound career and personal development support to learners
- Skills Bootcamps will target skills areas where there are evidenced skills gaps nationally, regionally or locally, and which require a training intervention
- Learning organisations must design Skills Bootcamps with employers, who should be involved in the design, delivery and interviews of Skills Bootcamps.
- Employers must co-fund Skills Bootcamps per employee if they are seeking to upskill their own workforce
- Skills Bootcamps must always be designed to lead to a positive job outcome (New job, new role or responsibilities, or self-employed opportunity) with longer term higher earning potential (better jobs) and better productivity
- Skills Bootcamps will operate a payment-by-payment milestone (milestone 1, 2 and 3) based on supporting evidence per payment claim system
- Skills Bootcamps must provide a minimum of 60 guided learning hours (GLH), unless otherwise set out with a contract e.g. HGV at 20 GLH minimum

Employer engagement and Involvement

- 4.4 Learning Organisations must engage employers from the outset in the design and/or delivery of their Skills Bootcamp provision and to gain commitment to interview candidates from the Skills Bootcamps for relevant vacancies, or to establish what the impact will be if they are training their own employees. Learning Organisations are required by SYMCA to provide evidence of its work with employers. This could be in support of a quality and compliance assurance visit or to inform our performance management processes. This could include the provision of behavioral skills support, coaching and mentoring, design and / or the delivery of content as well as evidence of interviews taking place and where participants have been recruited by the employer. SYMCA reserves the right to speak to employers you are working with, as appropriate.
- 4.5 Learning Organisations should ensure that the number of learners put forward for any single job vacancy is proportionate to the number of learners within the cohort at a ratio of 4:1 and in line with the 75% job outcome KPI. The Authority would not expect all learners in a cohort to be put forward for one available vacancy. The learning organisation must have an employer/recruitment pipeline and/or multiple job vacancies available with a local employer over a defined period.

Payment milestones

- 4.6 There are three payment milestones associated with a learner on a Skills Bootcamp. Payments will be made on the following basis:

Table 1: Payment Milestone details: This is a summary; for detailed advice on what must be provided to obtain a milestone payment, please see the evidence section at Section 6.

Commencement	Contract Delivery	Outcome
	<i>Course completion and interview attended</i>	<i>On job offer (or equivalent)</i>
30%	30%	40%
Paid on the learner completing 14 qualifying days of training and on completion of the initial assessment The 14 qualifying days of the training course must include a minimum of 10 guided learning hours. Learning organisations must achieve Starts by 30th April 2027 in line with delivery plans and in time to achieve Completions by this deadline also. The Provider should	Finishing the training and completion of a final assessment for all learners, and; • For the independent learner: an interview with an employer for a live paid job vacancy that will utilise the skills obtained on the Skills Bootcamp, which meets the criteria set out under the service requirements • For the co-funded learner: an interview for a new enhanced role/responsibility within the current organisation, which meets the criteria set out in the service requirements	• For the independent learner: An offer for a paid job which meets the criteria set out in the service requirements • For the co-funded learner: The offer or commencement of a new enhanced role/responsibility within the current organisation, which meets the criteria set out in the service requirements • For the self-employed learner: Learner has secured new opportunities (work/new contracts), which meet the criteria set out in the service requirements If an independent learner plans to be self-employed, they can achieve a self-employed learner outcome; and a self-employed

report on the next monthly reporting cycle any new learner Starts via the ILR, and any other datasheet set out by SYMCA	• For the self-employed learner: written confirmation of how the new training has been/will be applied to get new opportunities (work or contracts), which meet the criteria set out in the service requirements or a quotation for work related to the skills obtained on the Skills Bootcamp. If an independent learner plans to be self-employed, they can achieve a self-employed learner completion; and a self-employed learner who plans to become employed can achieve an independent learner completion. The Provider should report on the next monthly reporting cycle any new learner Completions via the ILR, supported by monthly Data Sheet	learner who plans to become employed can achieve an independent learner outcome. Learning organisations should note that the learner must have finished the training element and final assessment of the Skills Bootcamp, in line with the declared GLH in your bid, for the provider to be able to claim a Positive Outcome payment. Learning organisations must achieve Positive Outcomes within the three months after the training is finished (and not 3 months after the claim for Milestone 2). Learning organisations should track learners within this 3 -month period until the learner achieves a positive outcome. The Provider should report on the next monthly reporting cycle any new learner Positive Outcomes via the ILR, Contract Monitoring Plan and Learner Datasheet.
--	---	---

We recognise that there may be instances where a learner has changed their status part way through their Skills Bootcamp, e.g. from self-employed to actively looking for, and obtaining, a job and therefore their expected completion/outcome has changed. Where that is the case, you should discuss this with your Grant/Contract Manager to confirm what evidence requirements are expected to enable a claim to be made.

Prior attainment and experience

- 4.7 No prior attainment is required unless specifically prescribed by an employer and/or specifically related to the job and sector within which the vacancies offered are situated, However, Learning Organisations may define their own selection processes and/or assessments as part of their approach to recruitment of learners.
- 4.8 The Learning Organisations must use stringent screening, application and CEIAG processes to ensure learners have the right qualities and behaviours to complete the course and secure an outcome. Learning Organisations should screen potential learners and select those who will benefit from enrolling onto a Skills Bootcamp, including by checking that the potential Learner does not already have a significant proportion of the knowledge, skills and behaviors that the Skills Bootcamp is designed to help them acquire.
- 4.9 Learning Organisations should signpost to other opportunities where a Skills Bootcamp is not appropriate for a potential Learner including a referral to the website of the [National Careers Service](#).

5. Who we will fund

- 5.1 We will fund individual learners who meeting all the following criteria:
- Be aged 19 or older, on the first day of learning

- **Have the right to work in the UK.** This can be checked on [gov.uk/view- right-to-work](https://gov.uk/view-right-to-work).
- **Meet residency requirements.** Learning Organisations should refer to Annex B of these rules before accepting an individual onto a Skills Bootcamp.
- **Live in England,** further detail is provided in paragraph 4.3.

5.2 Learning organisations are reminded that, to receive payment, they must only enrol learners who are aged 19 or older, prior to the course start date.

5.3 You must check the eligibility of the learner ensuring they reside or work (for those who are co-funded by an existing employer) within the local authority areas of Barnsley, Doncaster, Rotherham and Sheffield at the start of each Skills Bootcamp and only claim funding for eligible residents unless otherwise agreed in writing with the Authority. Please refer Learner Eligibility, which forms Annex B of this document.

Target groups

5.4 All Skills Bootcamps must be open to all eligible learners within the communities they serve, including those employed, not in work or self-employed.

5.5 Skills Bootcamps aim to support participants into improved employment outcomes. Learning Organisations should consider how their Skills Bootcamp will support these participants effectively into a positive employment outcome.

Learners in the Armed Forces

5.6 British armed forces personnel, Ministry of Defence personnel or civil and crown servants resident in England, who meet the criteria in section 5, are eligible for SYMCA-Funded Skills Bootcamps where learning takes place in England.

5.7 Members of other nations' armed forces stationed in England, and their family members, aged 19 and over, are eligible for SYMCA-Funded Skills Bootcamps, set out in section 5, if the armed forces individual has been ordinarily resident in England on the first day of learning. We will not fund family members that remain outside of England.

5.8 We will not fund family members that remain outside of England.

Learners temporarily resident outside of South Yorkshire

5.9 Learning organisations cannot claim for the additional expense of delivering learning outside of South Yorkshire.

Who we will not fund - residents not eligible for funding

5.10 You must not claim funding for individuals who do not meet the eligibility criteria set out above. Examples of individuals who do not meet the eligibility criteria include the following. Please note this list is not exhaustive:

- Those who are in the UK without authority or lawful status.
- Those who are resident in the United Kingdom on a student or graduate visa.
- Those who are in the UK on a sponsorship visa, including skilled worker visas and seasonal worker visas.
- Non-EEA citizens who are in the United Kingdom on holiday, with or without a visa.
- Non-EEA citizens who are a family member of a person granted a student visa, have been given immigration permission to stay in the UK and have not been ordinarily resident in the UK for the previous three years on the first day of learning.
- Those whose biometric residence permit or residence permit imposes a study prohibition or restriction on the individual.

- Learning organisations must not fund learners who do not have enough time left on their visa to complete the course and/or programme of learning and who do not intend to or will not be eligible to renew their visa.
- Where a course continues past a learner's visa expiry date learning organisations may at their discretion fund that learner only where they have a high degree of certainty that the learners intends and will be eligible to renew their visa.

5.11 Armed Forces family members that remain outside of South Yorkshire.

6. Sub-contracted provision

- 6.1 In advance of any new subcontracted provision permission must be sought from the Authority to proceed. Any learning found to have been subcontracted without prior approval from SYMCA may be subject to claw back of funds.
- 6.2 The Authority defines subcontracting any contract between a learning organisation and a third party under which the learning organisation agrees to source any or part of the provision or service from that third party.
- 6.3 We define a delivery sub-contractor as a separate legal entity that has an agreement with you to deliver any element of the education and training, we fund. This may include for example (this is not an exhaustive list and acts as guidance only) recruitment of learners to a programme (learner find services), undertaking initial assessment and Information, Advice and Guidance (IAG) and services bought in which form part of the delivery of education and training. A separate legal entity also includes companies within your group, other associated companies, and sole traders. It also includes residents who are self-employed or supplied by an employment agency, unless those residents are working under your direction and control, in the same way as your own

employees for example a secondee.

- 6.4 Sub-contracted provision has an important role to play in the delivery of the Skills Bootcamps. Sub-contractors can help widen participation amongst niche groups that would otherwise be hard to reach. It will only be agreed where it meets one or more of the following:
- It enhances the learning offer
 - It enhances the opportunities available to learners
 - It fills gaps in niche of expert provision or provides better access to training facilities
 - It supports an entry point for disadvantaged groups
 - It is in response to SYMCA priorities.
- 6.5 Sub-contracting will be agreed as part of agreeing your Delivery Plan, the value of which will be part of your grant agreement or Call-off contract. You must gain SYMCA agreement if you wish to change your sub-contracted delivery or sub-contractors in-year.
- 6.6 You must take your own legal advice about the impact of the Procurement Act 2023 on your recruitment of delivery Sub-contractors and have this advice available for inspection by us on request. If your organisation does not apply a rigorous sub-contracting due diligence process, we will review your funding arrangements and limit your ability to sub-contract provision.
- 6.7 Approval must be given by the Authority before you undertake any delivery. The Authority retain the right to reduce your Grant or Call-off contract if your sub-contracted provision is under performing.
- 6.8 Unless specifically authorised in writing by the Authority you **may only sub-contract the provision to one level**. For avoidance of doubt the sub-contractor must not further sub-contract the provision that has been subcontracted to it.

This is to ensure that you retain clear and transparent control of the quality of training provision, and that proper and appropriate measures are in place to manage the learner experience.

- 6.9 We expect learning organisations will undertake due diligence on all learning organisations they have a subcontracting relationship with before going into a formal arrangement. The Authority reserves the right to undertake additional due diligence checks on those subcontractors proportionate to their contract value.
- 6.10 You must review your policy for subcontracting annually. This policy must be signed by your governing body or board of directors and your accounting officer.
- 6.11 You must publish your policy for delivery subcontracting on your website before entering into any subcontracting agreements for the 2026 to 2027 funding year.
- 6.12 As a minimum you must include the following in your policy and or framework for subcontracting:
- How your management fee is applied to subcontractors
 - How the contribution from your subcontracted delivery supports the quality of teaching and learning
 - How you will identify the support required and associated costs for different delivery subcontractors
 - For each subcontractor, how you will determine a detailed list of your specific costs for managing them, quality monitoring activities and other support activities offered by you to the subcontractor
 - For each subcontractor, how you will determine each cost is reasonable and proportionate to delivery of their teaching or learning and how each cost contributes to delivering high-quality learning

- How you will ensure you describe to each subcontractor, before each subcontracting relationship is agreed
- Your reason for subcontracting, and the services you will provide when subcontracting to them and the associated costs when doing so, including a list of specific costs for managing the subcontractor, specific costs for quality monitoring activities and specific costs for any other support activities offered by you to the subcontractor
- Payment terms between you and your delivery subcontractors, including the timing of payment in relation to delivery and timescale for paying invoices and claims for funding received
- Timing for review of your policy for subcontracting:
- where you publish your policy for subcontracting; and
- How you will align all subcontracting arrangements to SYMCA priorities.

7. Evidence

- 7.1 You must hold evidence to assure us that you are using Authority funded Skills Bootcamps appropriately.
- 7.2 Please see Annex C for evidence requirements per Milestone.
- 7.3 You must make sure applications for Authority funded Skills Bootcamps, support your decision to claim funding and support the individual's case for consideration as ordinarily resident in England, or any exceptions set out in the residency eligibility' section.
- 7.4 In line with General Data Protection Regulations (GDPR), you must record in the evidence pack what appropriate documentation you have seen, rather than take photocopies to prove eligibility.

Evidence pack

- 7.5 The evidence pack must verify all information reported to us in the Skills Bootcamp data sheets and ILR and the costs you have incurred for funding claims.
- 7.6 It is expected that each learner will have a learner file or evidence pack that must contain evidence in addition to Milestone claim evidence to support funding claimed and must be available to us if we need it. We expect that learning organisations will undertake regular checks on learner evidence packs and ensure that the evidence matches what they have entered into the data sheets and ILR.

Evidence in the pack must assure us that the learner exists.

- 7.7 The learner must confirm information they provide is correct when it is collected.

Where you hold information centrally, you only need to refer to the source.

The evidence pack must confirm the following:

Funding Evidence

- Enrolment or registration documentation to include learner details and your assessment and verified evidence of eligibility for funding. It must be clear what evidence source has been used to confirm eligibility. Refer to section 4 'Who We Will Fund' of the Funding and Performance Management Rules 2026/27 for further information on what must be verified for learner's to be eligible for funding.
- All Milestone evidence as outlined in Annex C

- Signed Privacy Notice from the learner
- Signed learner declaration confirming receipt of the SYMCA Complaints and Whistleblowing process
- All registers. Registers must be provided for the full Skills Bootcamp and include: Skills Bootcamp title, name of the learning organisation, start and end times, date of each learning session, title/record of each session, Guided Learning Hours of each session, mode of delivery, learner present/absent, learner and tutor signature. Where any delivery occurs through work placement, site-visits or other non-standard learning, registers must be accurately kept for this activity.
- Certificate of achievements for the Skills Bootcamp.
- All records and evidence of achievement of any qualifications/regulated learning aims achieved as a result of the Skills Bootcamp. This must be available within three months of you reporting it within the ILR.
- Where the learner is co-funded:
 - Signed Privacy Notice from Employers
 - Details and evidence of any employer contribution and/or include evidence and/or an explanation of why this was not collected.

Supporting Evidence

- A Scheme of Work or programme outline. This must cover all expected Guided Learning Hours in line with the wave 7 Skills Bootcamp Mini Competition specification.
- ILP/evidence of CEIAG reflecting learner employment goals and an outline of how the Skills Bootcamp supports this ambition. Where the learner is unemployed, this must include a record of what you have agreed with them, including the relevance of the learning to their employment prospects and the labour market needs.
- All Initial assessment and/or assessment of starting point and/or work readiness.

- Personal Learner Record [Using the learning records service \(LRS\) - GOV.UK](#)
- Details of end of course reviews and employability progression discussions undertaken. Please note this is not the same as results from a learner survey.
- Contact Log or further evidence of employability/wrap around support beyond the end of the training component of the Skills Bootcamp.
- Monthly Claim Sheet found in Annex G

7.8 The full learner evidence pack as outlined above must be presented at audit. We may also request to see sample of learner work and if the Skills Bootcamp includes a regulated component, we may also request to see the recent Awarding Body External Quality Assurance Report.

7.9 You must retain evidence of employer engagement at design, delivery and/or outcome stage at cohort or programme level as appropriate. This must be available to us if we need it.

7.10 SYMCA may conduct sampling checks of learner and employer evidence throughout the duration of the contract/grant period aligned to reporting periods. This may include contacting learners and employers to gain feedback.

7.11 If a sub-contractor delivers any provision to the learner, the learning organisation must clearly identify the subcontractor. This must match the information reported to us in the ILR. We may request to evidence of any reviews or audit records that you have undertaken of your Subcontracted provision.

Confirmation and signatures

7.12 The learner or employer must confirm the information is correct when it is collected. You must have evidence of this, which can include electronic formats.

We accept electronic evidence, including digital signatures, but you must have wider systems and processes in place to assure us that residents exist and are eligible for funding. All signatures must be date stamped.

7.13 Electronic and digital signatures are acceptable, we do not specify which should be used, only that a secure process to obtain and store signatures is followed:

- An electronic signature is defined as any electronic symbol or process that is associated with any record or document where there is an intention to sign the document by any party involved. A digital signature is where a document with an electronic signature is secured by a process making it non-refutable. This is a digital fingerprint which captures the act of signing by applying security to a document. Usually documents which have a digital signature embedded are extremely secure and cannot be accessed or amended easily.

7.14 Where an electronic or digital signature is being held, from any party for any reason, you must ensure it is non-refutable. This includes the definitions of both wet and dry signatures. Systems and processes must be in place to assure to us the original signature has not been altered. Where any document needs to be renewed, and a new signature taken, it must be clear from when the new document takes effect, and both must be held.

7.15 You must keep effective and reliable evidence. You are responsible for making the evidence you hold easily available to us when we need it.

Starting, participating, and achieving

7.16 You can only claim funding for learning when directly related to the start of learning. This would not include enrolment, induction, prior assessment, diagnostic testing, or similar activities.

Where the Skills Bootcamp includes a regulated component; your direct delivery and any sub-contracted delivery, you and where relevant, your sub-contractor(s) must have direct centre approval and where appropriate, direct qualification approval from the respective awarding organisation.

Where the Skills Bootcamp includes a regulated component, delivery of the qualification (including learner registration with the awarding organisation) must be in line with the qualification specification and guidance set out by the relevant awarding organisation.

You must have evidence that the learning took place, and the learner was not certificated for prior knowledge.

Where the learning is regulated, you must follow the relevant awarding organisation's procedure for claiming the relevant certificate(s) and ensure the learner receives them. You must evidence this in the evidence pack.

See Annex E for guidance on claiming Skills Bootcamps Milestones.

8. Payments, financial due diligence and audit

- 8.1 All learning organisations with a contract will be paid on actuals throughout the contract period.

Payment arrangements – Wave 7

- 8.2 Payments will be made to learning organisations in line with each payment milestone (three milestones in total) with supporting evidence:
- Skills Bootcamps will be paid on actuals recorded in the ILR in arrears. Payments will be made following claim submission; evidence checks undertaken and you may be requested to provide a supporting invoice quoting a relevant purchase order number.
 - Payments will be made in line with contractual terms.
 - Learning Organisations will need to ensure that they have enough cash flow available to accommodate these payment terms.

Payment timeline

- 8.3 You will be notified in advance of any in-year changes being made to the value of your contract through discussions with your Contract Manager. This applies to changes for under and/or over performance (which is subject to affordability and budget availability).
- 8.4 The Authority retains the right, based on the risk profile of your organisation, to decide what the payment schedule will be. The Authority has the right to pay on profile, actual delivery or if agreed as part of your delivery plan a different payment schedule.

Monthly milestone checks

8.5 The table below illustrates how often Milestone evidence checks will be undertaken based on the risk profile of a learning organisation:

Internal controls require attention	Evidence does not meet standard	100% monthly Milestone checks
Internal controls are generally effective	Evidence generally meets the standard *All new organisations	Monthly spot checks
Effective controls are in place	Evidence meets the standard	Quarterly spot checks

Payment timeline

Day of Month	Action
Workday 4	Learning Organisation submits ILR to DfE
6 th of the month	Learning Organisation submits non ILR data to SYMCA
Workday 5	DfE runs validation checks on ILR data submission
Workday 6	Authority receives occupancy report (ILR data)
	Learning Organisation submits invoice to SYMCA for payment
	Evidence checks undertaken on the data submitted (ILR and non ILR data) – see table at 7.5 for frequency

8.6 Detailed information on how the payment and performance management arrangements will be applied to your funding agreement in advance of the start date of your call-off contract. The Authority reserves the right to cease payments, should Learning Organisations be in breach of a contract.

8.7 The Authority, acting by itself or through its auditors have the right during the contract term and for a period of 6 years thereafter, to assess and audit compliance by the Learning Organisation and/or its key Sub-Contractors of the

Learning Organisation's obligations under these rules and your contract.

- 8.8 Funding cannot be transferred in year between Grant and Call-off contracts should you be a Learning Organisation who has both types of funding agreements.
- 8.9 Funding cannot be transferred between Call-off contracts where companies as part of a wider group both hold contracts with the Authority.

Financial due diligence

- 8.10 In advance of your contract start date the Authority will undertake a financial due diligence review of all learning organisations (excluding Local Authorities). This review will help inform the risk-based performance management arrangements which will operate with you in 2026/2027.
- 8.11 The Authority does not intend to publish the results of its internal financial due diligence review. The approach will include a review of the last 3 years financial statements, and the Authority will share the outcome of the review with each provider prior to contract issue and will confirm the approach that will be taken in relation to performance management for the 2026/2027 funding year.

Audit, assurance and compliance

- 8.12 The Authority will carry out quality and compliance activity to validate the audit trail of evidence requirements to support funding claimed and provide assurance that learning organisations are delivering skills, training and support in accordance with the terms in their contract and in line with Funding and Performance Management rules.
- 8.13 Where South Yorkshire learners are selected for sampling, compliance will be

assessed against the Authority's funding and performance management rules.

- 8.14 The Authority will select a sample of learner files to check using a method chosen by the Authority. The frequency, periodicity and size of the samples may change throughout the funding agreement period.

Audit notification and an audit checklist will be sent to you. Feedback will be presented and a report produced outlining any required actions and/or recommendations. If audit outcomes indicate that internal controls are not sufficiently effective a re-audit may take place.

As part of our compliance monitoring, we will continue to monitor compliance with the funding rules and evidence requirements. We will contact you where we identify you have submitted data that does not meet our funding rules and ILR requirements. We will require you to correct inaccurate ILR and EAS data or to adjust your final funding claim.

- 8.15 SYMCA reserves the right to increase the audit sample size and undertake an enhanced review of your learner files if learner withdrawal or overclaim rates exceed 20% of the initial sample reviewed.

Annual quality assurance visits

8.16 The Quality and Compliance team from SYMCA will undertake a minimum annual quality assurance visit to all learning organisations to:

- Provide assurance that learning organisations are delivering skills, training and support to learners in line with programme principals and contractual obligations.
- Provide assurance that learning organisations are managing and administering funds in a responsible, efficient, transparent and accountable manner.
- Seek assurance that systems and processes are in place to safeguard public money and mitigate risk of malpractice and fraud.
- Validate the audit trail of evidence/learner files.
- Provide assurance of appropriate authentication and eligibility checks.
- Ensure delivery is in line with the Funding and Performance Management Rules.
- Ensure the programme is outcome focussed.
- Identify good practice and identify areas for improvement.
- We may also speak to employers and learners.

9. Contract management and performance reviews

9.1 You must ensure throughout the period of the funding agreement you have all the necessary policies, systems, and processes in place to assure the Authority that you are using the Skills Bootcamps funding appropriately. To gain this assurance, the Authority's Education, Skills & Employment team will undertake regular performance reviews of all learning organisations.

9.2 The performance reviews will include, but not be limited to:

- Systems and processes
- ILR data
- Non ILR data

- Sample checks of learner files
- Next steps/learner outcomes
- Evidence of learner tracking for progression
- Sub-contracting arrangements
- Other contractual requirements
- Outcome of financial risk assessment and any action required
- Review of any action plan (where applicable)
- Actions arising from any quality assurance visits
- Review of your delivery plan
- Review of current performance including accuracy and timeliness of data reporting
- Review of risk
- Review of collaborative working arrangements
- Sub-contractor and supply chain performance (where applicable)

9.3 The purpose of any Performance Review is to ensure that you comply with the requirements in your individual Contracts/Grant Agreements. The Authority will use the outcome of its performance review to ensure that you meet the requirement of your Grant agreement or Contract. Should you fail to meet the requirements and obligations, the Authority will take appropriate informal/formal action.

9.4 Informal/formal action may include:

- Agreeing a revised delivery plan
- Developing an action plan to resolve issues identified
- A notice of default/breach of contract and completion of a remedial action plan

9.5 In the event of non-compliance of the above this could lead to formal further sanctions up to and including termination of contract/grant.

Ofsted inspection/monitoring visit

Ofsted began inspections on Skills Bootcamps provision in FY 2023-24 and as such the Learning Organisation may be subject to inspection by Ofsted. The Learning Organisation must alert the Authority if they receive notification of an Ofsted inspection or Monitoring Visit and The Authority must be invited to formal feedback.

- 9.5.1 Ofsted has recently updated its grading system to include a new five-point grading scale that replaces traditional single-word grades.
- 9.5.2 Any learning organisation that is already listed on the SYMCA Skills Bootcamp framework must adhere to the following: Under the new EIF, an Ofsted full inspection rating of expected or strong standard covering all three themes; leadership and governance, inclusion and curriculum training and teaching-adult skills as well as meeting the standard in safeguarding (new Ofsted framework). OR an Ofsted full Inspection rating of Outstanding or Good (previous Ofsted framework).
- 9.5.3 If the Learning Organisation has not had an Ofsted inspection but has had a monitoring visit, a reasonable or significant progress judgement covering all three themes under the previous Ofsted Framework (leadership and management, quality of training and safeguarding) as a minimum is required, or Ofsted new provider monitoring visit with a reasonable or significant progress judgement covering all four themes; leadership and governance, inclusion, curriculum training and teaching and safeguarding (new Ofsted framework).
- 9.5.4 If the learning organisation has not yet had an Ofsted full Inspection or monitoring visit an explanation and confirmation that the Learning Organisation is working towards the Ofsted Education Inspection Framework (EIF). Where a learning organisation has received a Full Ofsted Inspection or Monitoring Visit (MV) under the Ofsted Education Inspection Framework and this was undertaken prior to the 10th November 2025 the following will apply:

- 9.5.5 The Authority will not contract with Learning Organisations in receipt of a Grant Agreement or Call-Off contract who were awarded a Grade 4 'inadequate' rating under the previous Ofsted Inspection Framework.
- 9.5.6 Learning Organisations who have a sub-contracting relationship with any provider who was awarded a Grade 4 Inadequate inspection grade from Ofsted will be expected to cease recruitment of any new learners with the Learning Organisation in question from the date of the inspection feedback.
- 9.5.7 Learning Organisations in receipt of a Grant Agreement or Call off contract who receive an insufficient progress grading in any of the themes as part of a monitoring visit from Ofsted, following a 'requires improvement' grade will be expected to cease recruitment of any new learners onto their programmes from the date of inspection feedback.
- 9.5.8 The Authority will not enter into any new Grant Agreements or Call off contracts with Learning Organisations who have been awarded a Grade 4 Inadequate rating by Ofsted.
- 9.5.9 The Learning Organisation must have an Ofsted rating of Good or Outstanding or a monitoring visit confirming a reasonable progress judgement covering all three themes (leadership and management, quality of training and safeguarding) as a minimum, from any of your provision.
- 9.5.10 Where a learning organisation has received a Full Ofsted Inspection or Monitoring Visit (MV) under the New Ofsted Education Inspection Framework post 10th November 2025 the following will apply:
- 9.5.11 Learning Organisations in receipt of a Grant Agreement or Call off contract who is awarded by Ofsted an 'Urgent Improvement' inspection grade within 'Adult Learning Programmes' or where safeguarding is deemed to be 'not met' will be expected to cease recruitment of any new learners onto their programmes from the date of the inspection feedback.
- 9.5.12 Learning Organisations who have a sub-contracting relationship with any Learning Organisation who is awarded by Ofsted an 'Urgent

Improvement' inspection grade within 'Adult Learning Programmes' or where safeguarding is deemed to be 'not met' will be expected to cease recruitment of any new learners with the Learning Organisation in question from the date of the inspection feedback.

- 9.5.13 Learning Organisations in receipt of a Grant Agreement or Call off contract who receive an 'Needs Attention' grading within 'Adult Learning Programmes' as part of a monitoring visit from Ofsted, will be expected to cease recruitment of any new learners onto their programmes from the date of inspection feedback.
- 9.5.14 The Authority will not enter into any new Grant Agreements or Call off contracts with Learning Organisations who have been awarded by Ofsted a 'Urgent Improvement' grade for 'Adult Learning Programmes' or where safeguarding is deemed to be 'not met'.
- 9.5.15 The Learning Organisation must have a minimum Ofsted rating of 'Expected Standard' or above or a monitoring visit confirming a minimum 'Expected Standard' judgement covering all categories Ofsted have inspected.
- 9.5.16 Where an LO receives 'Needs Attention' or 'Urgent Improvement' across any indicator, SYMCA reserves the right to review and consider implementing an action plan or ceasing the contract

Complaints

- 9.6 Learning Organisations, and where appropriate sub-contractors, must ensure that all applicants, learners, and staff linked to Skills Bootcamps delivery are aware of the [Privacy and terms - South Yorkshire MCA](#).
- 9.7 The primary responsibility for receiving feedback and investigating complaints in respect of the services will rest with the Learning Organisation (and where applicable, their subcontractors). Learning Organisations (and where applicable,

their subcontractors) should have procedures in place to gather and act upon feedback and complaints. This should be well-advertised and an accessible mechanism (for example, a published webform, an email address or a phone number) to raise a formal complaint through for all applicants, learners, staff and others (e.g., engaged employers) linked to Skills Bootcamps delivery. This should be signposted as part of the onboarding process, alongside The DWP Complaints procedure for Skills Bootcamps. The published procedures should outline the process, including any appeals process and timeframe for response. The Learning Organisation (or their subcontractor) will be responsible for resolving complaints in accordance with their own procedures and any guidance issued by The Authority. Once the Learning Organisation (or their subcontractor) has concluded its investigations, including any appeals process, it should inform the complainant in writing (letter or email) of the final outcome.

The Learning Organisation (or their subcontractor) should ensure it has in place and complies with an effective whistleblowing procedure, whereby staff may raise in confidence concerns about possible malpractice without fear of victimisation, subsequent discrimination, or disadvantage. This will be monitored as part of the contract monitoring process.

9.8 Learning Organisations (or their subcontractors) should ensure they retain a record of complaints received.

At a minimum this includes:

- Date received
- Complainant name
- Summary of complaint
- The Learning Organisation (or their subcontractor) response to complaint at each stage of their published complaint procedure, including any appeal process. If DWP or The Combined Authority requests a record of the Learning

Organisations (or their subcontractors) complaints log, it should be provided within 5 business days from the date of request.

10. Publicity and Communication

- 10.1 Learning Organisations are required to publish course and venue marketing information to the National Careers Service Course Directory.
- 10.2 Learning Organisations will use a self-service system to publish to the Course Directory to keep course information up to date. You will be able to publish new courses, make changes and remove courses in real time.
- 10.3 Skills Bootcamps are marketed as part of the Skills for Life campaign which will signpost people interested in Skills Bootcamps to this page. This will provide a greater reach to a larger and more informed audience, benefiting recruitment to Skills Bootcamps and increasing the diversity and readiness of the citizens applying to you.
- 10.4 Learning Organisations must adhere with the DWP logo which will be supplied by SYMCA.
- 10.5 Learning Organisations must promote Skills Bootcamps in such a way as to recruit an eligible, diverse group of learners:
- Opportunities should be promoted to eligible learners through a variety of channels based on those which are more likely to encourage applications from a wide range of adults, including those with protected characteristics.
 - By making clear in communications the eligibility criteria for the Skills Bootcamp and that the training is free to learners.
 - By making clear in communications the requirements and expectations of the Skills Bootcamps including the objective of moving to a new/better job.

Annex A - Glossary

Term	Definition
14 qualifying days	For funding purposes, 14 qualifying days means that the learner attended day 1 of their Skills Bootcamp and undertook the required study and remained on the programme on day 14 (calendar days) and having completed any minimum GLH as detailed in the relevant payment milestones.
Action Plan	Document detailing the steps you will undertake to achieve your contract objectives.
Best Practice	The findings from a synthesis of evidence given in interviews, the opinions of Learning Organisations themselves and analysis of QA&I data. The following categories are most frequently and consistently identified as the most important for achieving high levels of completions and outcomes in Skills Bootcamps: - Building and sustaining an employer network: Build strong relationships with local employers, using this network to embed themselves in the industry, working in partnership to achieve completions and outcomes. - Knowing your sector: Understand what the sector and its employers want and what skills they need and incorporate this into the design and delivery of the Skills Bootcamp. - Recruitment expertise: Secure genuine interviews, vacancies or assurances of future opportunities for learners early, pre-programme if possible. - Securing the right learners for the right course: Use stringent screening, application and IAG processes to ensure learners have the right qualities and behaviours to complete the course and secure an outcome. - Expectations, aspiration and commitment: Set high

	expectations of learner behaviour (e.g. attitude, aspiration, attendance, punctuality, confidence, resilience) and highlight the potential endpoint and/or progression route to build aspiration and commitment. - High quality, engaging, real-world teaching: High-quality teaching that engages learners through to completion, reflects the realities of working in the sector and builds credibility with employers by delivering the skills they need.
Break in learning	When a Learner is not continuing with their learning but has informed the Learning Organisation beforehand that they intend to resume their learning in the future.
Call-off contract	The agreement in respect of the provision of the Services consisting of the documents (schedules) which shall be read as one document.
Co-funded Learner	Employed individuals where the employer is co-funding the learning.
Complaint	Expression of dissatisfaction with the services provided.
Completion	Learners finish their training and final assessment, and; A) for Independent Learners – attendance of an interview for a real paid job vacancy which meet the criteria set out in the Evidence Requirements B) for Self-Employed Learners - written confirmation from the Self-Employed Learners of how the Skills Bootcamp training has been or will be applied to enable them to secure new work of contract, which meet the criteria set out in the Evidence Requirements C) for Co-Funded Learners – an interview for a new role or responsibility or an offer of a new role or responsibility which in either case meets the criteria set out in the Evidence Requirements

	D) Including any definition as defined within the payment terms/profile
Component Learning Aim	Every Skills Bootcamp must have a component learning aim to represent the learning taking place. For example: • Z0060444 - Skills Bootcamps - Animal Care and Management - Level 2 equivalent • Z0060530 -Skills Bootcamps - Health - Level 4 equivalent All component learning aims to represent the learning must be recorded as Aim Type 3 and these learning aims must be listed on Find a learning aim and learning organisations must use learning aims marked with: • Category Code 62: DfE Skills Bootcamps Learning Organisations must ensure: • The Learning start date of the Component learning aim must match the Learning start date of the Programme Aim • Must be recorded as continuing until the Bootcamp been completed or the learner withdraws • An actual end date should be entered when all the Bootcamp learning has completed or the learner withdraws • Record Outcome = 8 'Learning activities are complete, but the outcome is not yet known' at the end of learning if the event aim is still to be recorded.
Contracts Manager/Officer	Nominated individual detailed within your call off contract who is part of the Authority's Education, Skills and Employment team.
Course Completion	The point at which the Skills Bootcamp course content ends (100% of GLH and final assessment finished).

Delivery Plan	The plan for delivery of the Provision agreed between the Parties for the funding year running from 1 st August 2026 to 31 st July 2027, which will set out the training to be delivered by the Learning Organisation and as annexed as an Excel workbook as part of your contract/Call Off;
Department (DWP)	Means the Department for Work and Pensions (DWP);
Disclosure and Barring Service Check (DBS)	The DBS enables organisations in the public, private and voluntary sectors to make safer recruitment decisions by identifying candidates who may be unsuitable for certain work, especially involving children or vulnerable adults, and provides wider access to criminal record information through its disclosure service for England and Wales.
Drop Out/Withdrawal	Where a learner has started learning but has dropped out/withdrawn from the course prior to course completion but the learner does not finish the training.
Employed	A resident who has a contract of employment. This does not include self-employed residents unless specifically referenced.
New Style Employment Support Allowance (ESA)	Is a United Kingdom welfare payment for adults younger than the State Pension age who are having difficulty finding work because of their long-term medical condition or a disability. It is a basic income-replacement benefit paid in lieu of wages. It is currently being phased out and replaced with Universal Credit.
Employment Status	The main types of employment status are: • Employed • Self-employed • Unemployed/economically active
European Economic Area	The European Economic Area, abbreviated as EEA, consists of the Member States of the European Union (EU) and 3 countries of the European Free Trade Association (EFTA) (Iceland, Liechtenstein

	and Norway; excluding Switzerland). The Agreement on the EEA entered into force on 1 st January 1994. Please refer to Appendix A for more information.
eVisa	An eVisa is an online record of: • your immigration status • the conditions of the type of permission you have to enter or stay in the UK
Event Aim	Recorded after the completion of the programme when evidence has been gained of the event. One of the following class codes should be recorded if one of these events occurs and is related to the learning from the bootcamp. Please refer to the guidance within the link.
Evidence Pack	Any information relating to a Learner generated by the Learning Organisation, the Learner or a third party for the purpose of the delivery of the Services.
‘Find a learning aim’ service	Formerly known as the Learning Aim Reference Service (LARS) the ‘Find a learning aim’ service offers a web-based search facility. It allows users to search by most commonly used fields for Qualifications, Units, Apprenticeship Frameworks and Apprenticeship Standards and their associated validity and funding details.
Free Courses for Jobs (FCFJ)	Level 3 qualifications for those aged 19+ which will be fully funded if the learner earns under the FCFJ low-wage threshold of £34,977.43 or is unemployed.
Funding model (37)	Identifies the funding methodology applied to submission of finalised ILR data. For Skills Bootcamps funding, Funding Model 37 is used.

Funding Year	Funding Year means the period from 1 August to 31 July, or such other period as may be determined by the Funding Authority for the purposes of skills funding.
Grant Funding Agreement	The agreement between the Authority and Grant Funded Learning organisations based in South Yorkshire.
Grant Manager	Nominated individual detailed within your grant agreement who is part of the Authority's Growth, Business and Skills Directorate.
Guided Learning Hours (GLH)	Guided Learning is the activity of a learner being taught or instructed by – or otherwise participating in education or training (including placement, onsite or practical education or training) under the immediate guidance or supervision of a lecturer, supervisor, tutor or other appropriate provider of education or training, with the simultaneous presence of the learner and that person in the same physical or virtual space. This could include, but is not limited to, simultaneous presence: in a classroom, in a virtual classroom or breakout room, on site, placement, or other physical learning environment. GLH can include learners being taught content in the same physical or virtual space (such as a classroom style delivery), as well as undertaking project work, workshops and assessments which are under the regular guidance, supervision and support of a tutor i.e. the tutor is 'circulating', checking in on groups/learners, offering advice, guidance and feedback, asking prompt questions to stimulate ideas, getting learners on the right path etc. This can also include work-based activities and coaching and mentoring among others. GLH does not cover examples where learners are instructed to do a project independently, in groups or alone where the tutor is not regularly supporting or interacting in the ways described above i.e.

	it does not include time spent on unsupervised preparation or study, whether at home or otherwise. It also does not include optional, drop-in sessions that learners can book in addition to the planned guided learning hours set out. It does not include watching recordings from live, or prerecorded sessions.
Independent Learner	Individuals not being co-funded by their employer.
Individualised Learner Record (ILR)	The primary data collection requested from Learning Organisations for further education and work-based learning in England. Government uses this data to monitor policy implementation and the performance of the sector. It is also used by organisations that allocate funding for further education.
Interview	A job interview for a real and paid job vacancy with an employer. This is an interview consisting of a conversation between a job applicant (Skills Bootcamp learner) and a representative of an employer which is conducted to assess whether the applicant should be hired. This does not include: • Learners being signed up to recruitment agencies, as evidence of an offer of an interview. • General interviews with recruitment agencies without a live vacancy, as evidence of an offer of an interview. • Interviews arranged where: (a) Learners are invited to employer meet and greet sessions e.g. an employer insight day. (b) Learners are invited to meet employers as part of an initial screening process.
Lead Learning Organisation	A Lead Learning Organisation is a college, training organisation or employer that has a direct contractual relationship with the Authority.

Learner	A third party who is a student, trainee, participant or learner similar to whom the College or Learning Organisation is required to deliver any of the Provision and who is resident within the Combined area.
Learning delivery monitoring (LDM)	A code used as part of the Individualised Learner Record (ILR) to indicate participation in programmes or initiatives.
Learning Planned End Date	The date entered onto the Individualised Learner Record (ILR) when the learner is expected to complete their learning.
Learning Organisation	Those organisations delivering Skills Bootcamps provision. This may include colleges, Local Authorities, Independent Training Provider, Employer Learning organisations, Higher Education Institutions and third sector organisations. Where applicable this shall include the Learning Organisation Personnel and permitted assigns and, if a Learning Organisation is a consortium or consortium leader, the consortium members. The term “Learning Organisation” shall mean “Learning Organisations” where the terms and conditions apply to more than one Learning Organisation.
Learning Organisation Personnel	All persons employed or engaged by the College or Provider together with the College or Provider’s servants, agents, consultants and Sub-Contractors (and all persons employed by any Sub-Contractor together with the Sub-Contractor’s servants, consultants, agents, Learning organisations and Sub-Contractors) whether voluntary or paid used in the performance of its obligations under this Agreement or, in respect of Clause 14 (TUPE, Re-Tendering and Indemnity) and any other TUPE obligation, or an individual employed by the College or Provider in the performance of the Services.

LSIP	Local Skills Improvement Plan – plan which sets out key priorities and changes needed within a local area to make post 16 technical education or training more responsive and closely aligned to labour market needs.
Non-regulated learning	Learning which is not subject to awarding organisation external accreditation in the form of a regulated qualification. It may be designed, delivered, and certificated by a Learning Organisation. This could include: • Independent living skills and engagement learning • Employability and work skills • Labour market re-entry • Technical education tasters • Tailored and bespoke learning
Ofqual	The Office of Qualifications and Examinations Regulation, which regulates qualifications, examinations, and assessments in England.
Paid employment for a minimum of twelve consecutive weeks	Confirmation of the offer of a job with a minimum duration of 12 weeks, (with the exception of the offer of a zero hours or agency contract, recognising this as a preference to certain residents or as standard practice dependent on the industry) Where this is for an initial temporary assignment lasting less than 12 weeks, the job offer includes a description of the role, the start date, the length of assignment, and confirmation that further assignments will follow. This does not mean where learners are contracted, registered or signed up to some form of organisation/agency with no line of sight to a job offer.
Performance Improvement Notice	Formal letter from the Authority stating the improvement in performance required and timescales applicable in which to demonstrate improvement.
Performance	Formal document which sets out specific performance issues

Improvement Plan	which seek timebound resolutions through identified and agreed activities and actions.
Personal learning record (PLR)	A database that allows learners to access to their past and current achievement records. These can be shared with schools, colleges, further education Learning Organisations, universities, or employers.
Programme Aim	Must span the entire duration of the Bootcamp Programme: • Must be recorded as continuing until the Component Learning aim has been completed or the learner withdraws • If an event aim is recorded but a Job offer is not made, on the programme aim, record the programme as completed (completion status = 2), record Outcome = 3 'No achievement'. Do not return an Achievement Date. • Adding a date to the Achievement Date field will result in the Milestone 3 payment being triggered (this must be returned within three months once the Learning Actual End Date has been returned on the programme aim).
Progress and Monitoring Report	This document will be supplied to you by the Contracts and Performance team.
Quality Assurance Agency (QAA)	Is the independent body that checks on standards and quality in UK higher education.
Recognising and Recording Progress and Achievement (RARPA)	The Learning and Work Institute have undertaken a consultation on the RARPA Cycle and have published updated RARPA Guidance. This comprises a clear framework designed to support Residents through the learning process, identifying key outcomes. It provides a robust approach to quality control and improvement of non-regulated provision with a focus on self-assessment that supports standards acceptable to the Office of Standards in Education (Ofsted). You can access further information from The Learning and Work Institute.

Recognition of Prior Learning (RPL)	An assessment method that considers whether a Learner can demonstrate that they can: • Meet the outcomes for a qualification or a component of a qualification through knowledge and understanding, or • Skills they already have and so do not need to undertake a course of learning for that component or qualification.
Regulated Qualifications Framework (RQF)	The RQF provides a way of understanding and describing the relative level and size of qualifications. The RQF, operated by Ofqual, is a single regulatory framework containing a range of general, technical, and professional qualifications.
Residents	Means any third party including any student, apprentice, trainee, participant or person who is a resident within the South Yorkshire Authority area and to whom the Learning Organisation is required to deliver the Provision.
Self-declaration	A process where the Learner can confirm something through their own signature.
Self-employed	A person is self-employed if they run their business for themselves and take responsibility for its success or failure. Self-employed workers are not paid through PAYE, and they do not have the rights and responsibilities of an employee. A learner who will be fully funded by the DfE and is not being trained on behalf of their existing employer.
Skills Bootcamp	A programme lasting up to 16-weeks which aims to secure benefits for adults by giving them access to in-demand skills training and a guaranteed interview for a more sustainable, higher-skilled job and higher wages over time. The benefits for employers include helping them fill specific skills shortage vacancies, enabling them to become more productive, more quickly.

Skills Strategy	https://www.southyorkshire-ca.gov.uk/SheffieldCityRegion/media/PDF-library/Education%20skills/SYMCA-SkillsStrategy_Final.pdf
Small or Medium Enterprise (SME)	A small or medium sized employer is defined as having fewer than 250 employees.
Social Value	To be delivered in accordance with the Tender Submitted.
Starts	Learners claimed at Milestone 1.
Start of learning	The date on which learning begins. We do not consider enrolment, induction, diagnostic assessment or prior assessment to be part of learning.
Sub-contract	Any contract between the Learning Organisation and a third party under which the Learning Organisation agrees to source any or part of the provision from that third party.
Sub-contractor	Means the contractors or learning organisations that enter into a Sub-contract with the Learning Organisation.
Unique Learner Number (ULN)	A 10-digit number used to match a Learner's achievement to their Personal Learning Record (PLR).
Universal Credit	Universal Credit is a United Kingdom social security payment that was designed to simplify the benefits system and to incentivise paid work. It is replacing and combining six benefits for working-age people who have a low household income: income-based Employment and Support Allowance, income-based Jobseeker's Allowance, and Income Support; Child Tax Credit and Working Tax Credit; and Housing Benefit. Please see www.gov.uk/ for further information on eligibility and how to apply.

Annex B - Learner Eligibility

Individuals will be eligible for Skills Bootcamps if they meet the criteria in section 5, the learning is taking place in England, and they fulfil the residency requirements set out in one or more of the categories below.

Unless otherwise stated, individuals must be ordinarily resident in the UK on the first day of learning to meet the residency requirements.

You must not actively recruit learners who live or work outside of South Yorkshire.

We may consider funding an individual who does not live in South Yorkshire if their main employment or normal place of work is located in South Yorkshire and their existing employer is committing to co-funding the Skills Bootcamp training.

Asylum seekers

Asylum seekers are eligible to receive funding if they:

have lived in the UK for 6 months or longer while their claim is being considered by the Home Office, and no decision on their claim has been made, or
are receiving local authority support under [section 23C](#) or [section 23CA of the Children Act 1989](#) or the [Care Act 2014](#)

An individual who has been refused asylum will be eligible if:

- they have appealed against a decision made by the UK government against granting refugee status and no decision has been made within 6 months of lodging the appeal, or
- they are granted support for themselves under [section 4 of the Immigration and Asylum Act 1999](#), or

- are receiving local authority support for themselves under [section 23C](#) or [section 23CA of the Children Act 1989](#)

No recourse to public funds conditions

The learner's immigration permission in the UK may have a 'no recourse to public funds' condition. Public funds does not include education or education funding.

Therefore, this does not affect a learner's eligibility, which must be decided under the normal eligibility conditions.

Learners in the armed forces

British armed forces personnel, Ministry of Defence personnel or civil and crown servants resident in England, who meet the criteria in section 5, are eligible for Authority funded ASF where learning takes place in England.

Members of other nations' armed forces stationed in England, and their family members, aged 19 and over, are eligible for Skills Bootcamps, set out in section 5, if the armed forces individual has been ordinarily resident in England on the first day of learning. We will not fund family members that remain outside of England.

Individuals who are not eligible for funding

Please also see Section 5 for who we will and won't fund. You must not claim funding for the below:

- Those who are here without authority or lawful status
- Those who are resident in the UK on a student or graduate visa
- Those who are in the UK on holiday, with or without a visa
- Those who are in the UK on a sponsorship visa, including skilled worker visas and seasonal worker visas

- Those whose biometric resident permit or residence permit imposes a study prohibition or restriction on the individual

This list is not exhaustive, should you be unsure if a learner is eligible, please contact your contract manager or email bootcamps@southyorkshire-ca.gov.uk in the first instance.

Dependants of all individuals with sponsorship visa status, except for seasonal workers, are eligible for Skills Bootcamps.

Learners with limited length visas

You must not fund learners who would not have enough time on their visa to complete their course and who do not intend to, or would not be eligible to, renew their visa. Where a course continues past a learner's visa expiry date, providers may at their discretion fund that learner only where they have a high degree of confidence that a learner intends to (and is likely to be eligible to) renew their visa.

Learners who have applied for an extension or variation of their immigration permission

Any person who has applied for an extension or variation of their current immigration permission in the UK is still treated as if they have that leave. This only applies if the application was made before their current permission expired. Their leave continues until the Home Office decides on their immigration application. Their leave will continue where they have appealed or sought an administrative review of their case within the time allowed to them for doing so.

Therefore, a person is considered to still have the immigration permission that they held when they made their application for an extension, administrative review or appeal, and their eligibility would be based on this status.

This is on the basis that the provider confirmed at enrolment that the learner intended to and will be eligible to renew their visa.

EEA and Switzerland frontier workers

An EEA or Switzerland frontier worker is someone who is employed or self-employed in the UK who resides in the EEA or Switzerland and returns to that residence in the EEA or Switzerland at least once a week.

Unlike other categories, a frontier worker or their eligible family member does not have to be resident in the UK on the first day of learning in order to have an eligible residency status.

Learners who live in Wales, Scotland or Northern Ireland

Learners who live in Wales, Scotland or Northern Ireland have their own funding arrangements. If you are planning to deliver a significant quantity of learning to learners who do not live in England, you must develop arrangements with the relevant devolved administration.

You must not actively recruit learners who live or work outside of England. Providers located close to the borders can deliver Skills Bootcamps to learners who are not resident in England but reside in their catchment area. Delivery must take place in England. We do not expect these numbers to be significant.

Annex C – Evidence requirements by Milestone

Milestone Evidence Requirements

SYMCA reserves the right to make changes to this Skills Bootcamps Guidance Document. If, on review, the Milestone evidence provided by the Learning Organisation is deemed insufficient to substantiate a data submission by the Learning Organisation, or the data/evidence submitted by the Learning Organisation is otherwise found to be incorrect, we will seek to reclaim any funds which were paid out based on that data submission/claim.

We also reserve the right to suspend payments to the Learning Organisation where data quality gives rise to concern about the accuracy of the data provided.

This information should be looked at in conjunction with Table 1: Payment Milestone details on page 15

Milestone 1

Completing 14 qualifying days of training and on completion of initial assessment.

The 14 qualifying days of the training course must include a minimum of 10 guided learning hours.

*Learning Organisations must achieve Milestone 1 by 30th April 2027, in line with delivery plans and in time to achieve completions also by this deadline.

Evidence Required

For All Learners:

- Learner enrolment documentation.
- Registers to confirm that learners have achieved 14 qualifying days of the training course which must include a minimum of 10 guided learning hours.
- Initial assessment/ suitability checks/work readiness/ skills scan as appropriate to the Skills Bootcamp and learner needs
- Learner ILR and Data Sheet to confirm start of learning on the Skills Bootcamp.

- Signed and dated Learner Declaration confirming that the learner has received the Privacy Statement and been given the link to provided SYMCA Whistleblowing/ Complaints process.

For Co-Funded Learners:

- A signed Employer Privacy Notice must also be provided that includes the employer name and address.

Additional M1 requirements for Education and Early years only:

Learning organisations are required to apply for an enhanced Disclosure & Barring Service (DBS) checks for all confirmed Early Years Skills Bootcamp learners, either before the start of the Skills Bootcamp, or within 14 qualifying days. If the learner already has a relevant DBS certificate, this must be evidenced instead.

Learning organisations must retain evidence of Enhanced Disclosure and Barring Service (DBS) applications submitted for each learner or retain evidence of an existing Enhanced DBS certificate.

Learners can only be claimed via the ILR following application of DBS certification where applicable. Learners must have evidence of DBS certification prior to entering an early year setting.

Guidance

Enrolment documentation - For all learners, enrolment documentation or learner agreements must include the Skills Bootcamp title, eligibility information and be signed and dated by the learner.

Registers/Attendance Sheets - Registers must be kept for all Skills Bootcamps. The register/attendance sheet should include: Skills Bootcamp title, name of learning organisation, start and end date of Skills Bootcamp, learner name, date of session, title of session, number of guided/tutor led learning hours, mode of delivery, learner

present/absent. Registers must be signed/validated by the learner and tutor to claim Milestone 1, where qualifying days = calendar days.

Initial assessment/suitability checks - SYMCA is focussed on securing positive outcomes for learners and as such places significant importance on the quality of initial assessment, enabling learners to meet their current and future goals. Assessment of starting point, work readiness, identifying support needs, matching learner goals with course outcomes and career aspirations.

Learner ILR/Data Sheet - ILR submission supported by monthly Data Sheet to include: learner ULN name, email address and phone number.

Milestone 2

Finishing training and completion of final assessments and ONE of the positive outcomes evidence dependant on learner employment status.

We will only fund completions and outcomes if they relate to an organisation registered as a UK company under the Companies Act 2006 and or/is located in England.

*Learning Organisations must achieve Milestone 2 by 30th April 2027, in line with delivery plans and in time to achieve completions also by this deadline.

Evidence Required

For All learners:

- Registers to confirm attendance.
- Evidence of achievement (Skills Bootcamp and Awarding Body Certificate where appropriate)
- Learner ILR and Data Sheet updated to reflect the learner's completion and interview information

For Unemployed/Independent learners:

- Evidence to confirm attendance at an interview with an employer for a live vacancy lasting at least 12 weeks that will utilise the skills obtained on the Skills Bootcamp.

For Co-funded learners:

- Evidence to confirm attendance at an interview/offer for a new/enhanced role/responsibility within the current organisation.

For Self-employed learners:

- Written confirmation/plan from the learner indicating how the new learning has been/will be applied to acquire new opportunities (work or new contracts).

Pathways to Accelerated Apprenticeships only:

- Any of the 3 options above depending on employment status

Attendance of an accelerated apprenticeship interview with a new employer or existing employer that utilises the skills acquired through the Skills Bootcamp. We will also require evidence that an apprenticeship outcome will be accelerated (reduced in length by at least 3 months).

Please note that an interview for an apprenticeship that has not been accelerated cannot be claimed for the PTAA Outcome payment.

Guidance

Registers - Registers must be signed/validated by the learner and tutor to claim Milestone 2. Attendance by the learner of a minimum of 80% of the guided learning hours (GLH) as outlined in your technical bid response must be evidenced by the register. There must be evidence of full GLH in line with delivery plan.

Evidence of achievement/certificate - Successful completion of the Skills Bootcamp training programme including passing any required assessments.

Evidence of attainment - ie course certificate, signed and dated to confirm achievement of units/assignments. Evidence of Awarding Body achievement must be provided to claim

Milestone 2 where the bootcamp is regulated.

Learner ILR/Data Sheet - ILR submission supported by monthly Data Sheet to include: live vacancy job role, business legal name, Companies House Number, named contact, job role and email.

In addition to the above one of following:

Unemployed/Independent Learner - Evidence must confirm attendance at an interview for either a new job which must be paid, continuous employment for at least 12 weeks or an apprenticeship that utilises the new skills acquired through the Skills Bootcamp. Interview evidence must clearly state: name of the job role, name of the employer, date of the interview, start date of employment opportunity, length of employment and skills required that align with the learning from the Skills Bootcamp. The job interview evidence must be validated by either the learner or the employer via signature, a verifiable email address/phone number.

Examples of interview validation evidence:

- Text confirmation from a learner's individual number, confirming the job role and date/time of the interview supplemented by the job description/role profile.
- Email confirmation from the employer containing all the required information as well as the name of the learner(s) interviewed.
- A completed interview attendance form collecting all the required information and signed by the learner.
- Email confirmation from the learner's email to verify the transcript of a phone conversation confirming information regarding an interview.

Learners should be able to confirm that they have attended an interview for a live job vacancy. No more than 4 learner Milestone 2 claims can be made against the same job vacancy.

Co-Funded Learner - Confirmation from the employer of the new role/additional responsibilities that are being interviewed for/offered including the skills required and how this aligns with the skills acquired through the Skills Bootcamp. Co-funding evidence must include: name of the employer, name of the learner, date of the interview/offer/commencement of new responsibilities, new/current job title and description of how new skills acquired will support the transition into a new role/additional responsibilities. Evidence of payment of the 10% or the 30% co funding from the employer via invoice and/or receipt must be available upon request.

Employed Learner - A written confirmation/business plan from the learner to confirm their current business name, outline their current business identity/purpose and explain how the new skills acquired through the Skills Bootcamp will be utilised to obtain new work/contracts. The confirmation/plan should be dated and signed by the learner.

Pathways to Accelerated Apprenticeships - Evidence should be in the format of an email from the apprenticeship provider and include details of the apprenticeship; apprenticeship route, start date, name of apprenticeship provider and confirmation that the duration has been reduced by at least 3 months.

Milestone 3

Offer of a paid job or attainment of new work/ contracts.

We will only fund completions and outcomes if they relate to an organisation registered as a UK company under the Companies Act 2006 and or/is located in England.

*Learning Organisations must achieve positive outcomes within three months of course completion by 31st July 2027.

Evidence Required

For All Learners:

- Learner ILR and Data Sheet updated to reflect positive job outcome.

For Unemployed/Independent Learners:

- Evidence of an offer with an employer for a live vacancy lasting at least 12 weeks that will utilise the skills obtained on the Skills Bootcamp or the offer of an apprenticeship.

For co-funded Learners:

- Evidence of commencement of a new/enhanced role/responsibility within the current organisation.

For Self-Employed Learners:

- Written confirmation from the learner indicating how the new learning has been applied to acquire new opportunities (work or new contracts).

Pathways to Accelerated Apprenticeships (1 of): Any of the 3 options above depending on employment status. An offer of an accelerated apprenticeship with a new employer or existing employer that utilises the skills acquired through the Skills Bootcamp. We will also require evidence that an apprenticeship outcome will be accelerated (reduced in length by at least 3 months). Please note that the offer of an apprenticeship that has not been accelerated cannot be claimed for the PTAA Outcome payment.

Construction and the Built environment only:

Where the job outcome is below Level 2, the following two routes can be utilised as evidence at Milestone 3:

Registration on the CSCS red card scheme – an Apprentice card or the Trainee card. An employer development plan as evidence of a commitment to ongoing on-the-job training and development which will enable progression.

Guidance

Learner ILR/Data Sheet - ILR submission supported by monthly Data Sheet to include: live vacancy job role, business legal name, Companies House Number, named contact, job role

and email.

In addition to the above one of following:

Unemployed/Independent Learner - Evidence must confirm offer of either a new job which must be paid, continuous employment for at least 12 weeks or an apprenticeship that utilises the new skills acquired through the Skills Bootcamp. Evidence must clearly state: name of the job role, name of the employer, start date of employment, length of employment and skills required that align with the learning from the Skills Bootcamp. The offer evidence must be validated by either the learner or the employer via signature, a verifiable email address or phone number.

Employer Co-funded learner - Confirmation from the employer of the new role/additional responsibilities that have been undertaken by the learner, including the skills required and how this aligns with the skills acquired through the Skills Bootcamp. Co-funding evidence must include: name of the employer, name of the learner, date of the commencement of new responsibilities, new/current job title and description of how new skills acquired will support the transition into a new role/additional responsibility.

Self Employed Learner - A written confirmation/business plan from the learner to confirm their current business name and the details of new opportunities/work/contracts secured and how this is related to the new skills acquired. All documentation must be signed by the learner or sent from a verifiable email/phone number. Examples of acceptable evidence include an invoice for work completed or a new contract of engagement with the inclusion of a statement of confirmation from the learner about how these opportunities have been attained due to the skills acquired through the Skills Bootcamp.

Pathways to Accelerated Apprenticeships - Evidence should be in the format of an email from the apprenticeship provider and include details of the apprenticeship; apprenticeship route, start date, name of apprenticeship provider and confirmation that the duration has been reduced by at least 3 months.

Construction and the Built Environment - For individuals who are unable to achieve job outcomes aligned to the occupational level being delivered in construction skilled trades Skills Bootcamps (Level 2 and above), we will allow a job outcome at a lower level than the Skills Bootcamp is delivering (i.e. Level 1 labourer or trainee role). For these roles, we require assurance that the employer will support them to progress into a skilled trade and evidence will be required from the Employer of their intention to offer a progression pathway into a skilled trade role. This must include: the likely timeline, career trajectory and evidence of registration for the CSCS red card scheme. Evidence is likely to be via email or employer letter/declaration. The evidence must be validated by the employer via signature, a verifiable email address or phone number.

Annex D – Key Performance Indicators – Wave 7

Key Performance Indicators (KPI)	Descriptor	Minimum expected level of achievement
Learner Starts	The contracted number of learner starts to be achieved by 30th November 2026	30%
	The contracted number of learner starts to be achieved by 31 st January 2027	50%
	The contracted number of learner starts to be achieved no later than 30 th April 2027	100%
Learner Completions	The contracted number of learner completions to be achieved no later than 30th April 2027	80%
Guaranteed Interview for each Learner on the Skills Bootcamp	Offer of an Interview must be for a paid job role which has a minimum contract duration of 12 weeks (which can be an Apprenticeship) The interview must be for a job that matches the skills acquired by the Learner through the successful completion of the Skills Bootcamp. For learners who are upskilling with an existing employer (co-funded) the role must be with their existing employer. For learners who are self-employed, they must produce an action plan to demonstrate how they will implement the new knowledge and skills to secure new works/opportunities for their business.	100% of learners who complete a Skills Bootcamp course
New Skills	Learners who successfully complete a Skills Bootcamp will have acquired new skills within the scope of the Skills Bootcamp programme.	100% of learners to gain new skills

Referral to Alternative Opportunities	Learners who are unsuccessful at post completion of interview must be referred to other job and training opportunities for up to three months after completing the Skills Bootcamp course.	100% of learners to be supported
Learner Drop-Out Rates	Robust recruitment, enrolment and Learner support processes must be in place to minimise Learner drop- outs.	<= 20%
Job Outcome	No later than 3 months from completing their skills bootcamp course: Independent learners – to secure an offer of a new job with a new employer within 3 months of completion of the Skills Bootcamp which is relevant to the skills and knowledge learned. Co-funded learners – to obtain an offer of additional role responsibilities or a new role through their existing employer which is relevant to the skills and knowledge learned. Self-employed – to secure an offer of new work /contracts for their business as a result of the new skills and knowledge learned through the Skills Bootcamp course.	75% of learners who complete a Skills Bootcamp
Employer Engagement	Every Skills Bootcamp must evidence employer engagement at the design stage, during the delivery stage and post Skills Bootcamp stage, supporting the learner into the improved outcome.	100%
Employer Co Funding	Where they are training their own existing employees*, all employers must co-fund the training with a cash contribution.	=/>30% of Skills Bootcamp Cost

	<i>*Employee defined as directly employed by the employer, not a worker, sub-contractor, or freelancer</i> <i>** SME defined as an employer with less than 250 employees.</i>	=/10% of Skills Bootcamp cost if the employer is an SME**

Data Submission

2. The Learning Organisation must supply accurate data in accordance with the following:
 - in line with agreed audit arrangements
 - in adherence with the UK GDPR and DPA 2018
 - to support payments to be made
 - to enable reconciliation to take place
 - to support the grant management or contracted process; and to respond to any reasonable written request
3. The data collected will be used to calculate your funding and to support compliance, performance monitoring, inform future planning and ensure that the activity is better aligned to the skills needs of residents and employers across the Authority.
4. The funding model referred to in this document is Funding Model 37 and will only apply to those learners with a South Yorkshire Authority home or work postcode at the start of each learning aim undertaken. The source of funding code for funded learners is 105.
5. The information here does not duplicate information already made available to learning organisations by the DfE within the following, but not limited to:
 - [Overview](#)
 - [Individualised Learner Record \(ILR\) technical documents, guidance and requirements](#)
6. Please read the requirements for Funding Model 37 in the above documents before reading this document.
7. This guidance sets out how the Authority will require learning organisations to code specific fields in the ILR depending on whether the aim is being funded via grant

(non-procured) or through a call-off contract (procured).

All learning organisations (subject to agreement/contract award) Source of Funding Code (SoF):

8. The authority will base all monitoring and analysis on aims coded with the below SoF value. This applies to all Skills Bootcamps provision.

Data item	Value to be used
Source of Funding (SoF)	105

9. Learning organisations must:
- Submit performance management information defined in the contract on a monthly basis, via the ILR, Contract Management and Delivery Plan
 - Submit ILR and supplementary data requirements in relation to all applicants, learners and employers (your nominated Contract Manager will provide this).
10. In order to ensure the timely reporting of data, the learning organisations should report monthly with the following information:
- New learner starts
 - Learners completing (course and initial assessment)
 - Learner drop-outs
 - Job outcomes for Learners following an offer of a job by an employer to a learner; and
 - New opportunities/contracts for the self-employed

Recording Context

11. Skills Bootcamps are made up of the following elements, all of which must be recorded as funding model 37, source of funding 105 and programme type

32. Guidance on recording these are explained on the following pages.

- **Programme aim** – every Skills Bootcamp must have a programme aim spanning across the entire duration of the programme. This must be recorded using ZPROG001 and Aim Type 1.
- **A Component learning aim** – every Skills Bootcamp must have a component learning aim to represent the learning taking place.
- **An event learning aim** – where applicable.

12. All component learning aims to represent the learning must be recorded as Aim Type 3 and these learning aims must be listed on 'Find a learning aim' and Learning Organisations must use learning aims marked with:

- Category code 62: DfE Skills Bootcamps – examples are referenced in Appendix B

13. This aim must be recorded with the same Learning Start Date as the Programme aim. These are specified by SYMCA for Wave 7 delivery.

Event Learning Aims

14. Where an event learning aim is applicable you must use one of the following codes:

Record one of the following event indicators, with the date of that event for Milestone 2:

- Offer of an interview for a role which matches skills acquired (EVI code 1)
- Offer of a new role or added responsibilities with existing employer (EVI code 2)

- Receipt of plan from learner to acquire new self-employment opportunities or contracts (EVI code 3)
15. One of these 3 aims listed above must be recorded if the event occurs. Record the same date in the Learning Start Date, Learning Planned End Date and Learning Actual End Date fields when recording the event aim.
 16. If the event is the offer of an interview for example, the date to be recorded is the date when the formal offer of an interview was made, not the date of the interview itself. These aims should only be recorded as Completed (CompStatus = 2) and Achieved (Outcome = 1), and with all three date fields completed. These 3 aims should never be recorded as continuing.
 17. Once an interview offer has been made (within the criteria specified in the funding and performance management rules), the learning aim should still be recorded even if, for some reason, the actual interview does not take place.
 18. Against the component learning aim, complete the Learning Actual End Date when all learning activities have taken place. Record Outcome = 8 'Learning activities are complete but the outcome is not yet known' at the end of learning if the event aim is still to be recorded.
 19. Once the event aim has been recorded, the Outcome field of the component learning aim must be updated accordingly.
 20. The programme aim must be recorded as continuing (compstatus = 1) until the component learning aim (aims with category code 62) has been completed, the learner withdraws from the programme or takes a break in learning. Refer to guidance for learner absence or withdrawal or Recording breaks in learning for Adults skills funded learners.

21. If an event aim is recorded but a Job offer is not made, on the programme aim, record the programme as completed (compstatus = 2), record Outcome = 3 ' No achievement'. Do not return an Achievement Date.

Full Funding Indicator

22. The Full or Co-funding indicator (FFI) must be used to indicate whether the employer is contributing towards funding of a bootcamp.
23. If the learner is being trained by their existing employer and the employer contributes towards the funding of the bootcamp then all learning aims should be recorded as FFI=2 (co-funded).
24. If the learner is independent (the learner is unemployed, self-employed or the employer is not contributing towards the cost) then all learning aims should be recorded as FFI=1 (fully funded).

Other Employment Type

25. Other Employment Type Code 2 'Small or Medium Employer' must be used for Skills Bootcamps where the employer is a small or medium employer (defined in the national funding and performance management rules) and where the bootcamp is co-funded. Code 2 is used to identify the size of the employer to determine the employer contribution towards Skills Bootcamps.

Contract Reference Number

26. This number will be in the format of 'SB-contract reference-deliverable code' or 'SBA-contract reference-deliverable code' and provided to learning organisations by contract managers

Achievement date

27. The Achievement date is used as the trigger date for the outcome milestone payment.
28. The date recorded is when the learner has met the requirements of the Skills Bootcamps, completed the learning, one of the 3 event aims (listed above) may be recorded and the learner reaches a positive outcome, for example a learner gets a new job. This field must be returned when the Outcome field has been achieved (Outcome = 1). The Achievement date must be returned within three months once the Learning Actual End Date has been returned on the programme aim.

The Three-Month Rule

29. If the component learning aim is recorded as completed and no event aim has taken place, after three months (three months after the Learning actual end date of the component learning aim) record the programme aim as Completion Status = 2 'The learner has completed the learning activities leading to the learning aim', record Outcome = 3 'No achievement'. Against the component learning aim, record Completion Status = 2 'The learner has completed the learning activities leading to the learning aim' and Outcome = 1 or 3 'Achieved' or 'Not Achieved' in the Outcome field.

Component Learning Aims

For component learning aims you will need to find the most suitable aim for your provision using [Find a Learning Aim](#) service online.

Start by searching for 'Skills Bootcamps – [Insert course relevant wording]'

Ensure that you filter your search by the category 'Skills Bootcamps – Subject Learning'

You will also need to ensure that the aim you choose is valid for new starts as some may not be valid, For example states '*Last Date for New Starts: 31st July 2027*'

Annex F – ILR – Learner Entry Tool (LET)

Introduction

1. The Learner Entry Tool (LET) allows users to manually create Individualised Learner Record (ILR) data, in XML files. It also allows the migration of data files from previous academic years. The software is free to users, without access to a data management system, who will submit ILR data to the Education & Skills Funding Agency (DfE).
2. This guidance document has been created to help Learning Organisations who have a Skills Bootcamp contract with the South Yorkshire Mayoral Combined Authority (SYMCA), complete and submit their ILR data.
3. This document mirrors the DfE LET guidance document and applies SYMCA data reporting and performance management requirements. Further information can be gained via the DfE LET guidance document.
4. The information included in this document can also be used as a guide for Learning Organisations who do not use the LET to generate an XML.
5. The latest version of the Learner Entry Tool can be downloaded via this link: [ILR Learner entry tool](#). New versions are released throughout the year and Learning Organisations need to ensure that they use the latest version to submit their data.

6. Input has also been based on the Skills Bootcamp recording section of the Provider Support Manual: [Individualised Learner Record \(ILR\) technical documents, guidance and requirements](#)

Using the Learner Entry Tool (LET)

7. LET consists of two main tabs:
- Home Page - Provides a summary of records imported, allow imports and exports of data
 - Learners - View, amend, delete and add details of all learners associated with the imported data or to create records

8. The following pages will detail how data needs to be returned for Skills Bootcamps.

Key:

- **MANDATORY FIELD** - This field must be completed for the data to be included in the XML
- **VALIDATION RULE** - This shows where the field has a specific SMCA validation rule applied to it. Where the data in the ILR fails the validation rule, it will appear in the “no pay” report and will generate no funding for that Return
- Fields highlighted in grey are not commonly used and will only need to be completed under certain conditions
- Not all fields and tabs in the Learner Entry Tool are relevant to Bootcamps

Homepage

The screenshot shows the 'Education & Skills Funding Agency' logo and 'ILR Learner Entry Tool' version 2425.1. The 'Learners' tab is active. Callout 1 points to the 'UKPRN' input field. Callout 2 points to the 'Learner count', 'Learning delivery count', and 'Learners excluded from export count' fields. Callout 3 points to the 'Export Data' button. Callout 4 points to the 'Import Data' button. Callout 5 points to the 'Open Export Folder' button.

	Area	Notes
1	UKPRN MANDATORY VALIDATION	Input your UK Provider Reference Number (UKPRN) in the home screen. This will be used throughout the application and will also be the filename of the exported ILR file. This UKPRN should match the UKPRN used in the signed contract with the SYMCA.
2	Learner count Learning delivery count Learners excluded from export count	Number of learners in the LET (will show as 0 until data is imported in or added manually) Number of learning aims being delivered Number of learners that will be excluded from the ILR
3	Export data	This will create the XML data and allows you to select where to save the data
4	Import data	Allows a previous years data file to be imported into the LET for continuing learners. The data is converted to match the format for the current funding year. Also used to import previous XML files into the latest version of the LET

5	Open Export folder	Allows you to select where to export and save the ILR file generated by the LET

Learner Homepage

The screenshot shows the 'Education & Skills Funding Agency' logo at the top. Below it is a navigation bar with 'Home Page' and 'Learners' tabs. The 'Learners' tab is selected and labeled with a '1'. Below the navigation bar is a 'Filter' dropdown menu labeled with a '2'. To the right of the filter is an 'Add Learner' button labeled with a '3'. Below the filter is a red-bordered box containing fields for 'Ref : 0001', 'Name :', 'DoB :', and 'ULN :'. There is also a 'Don't Export' checkbox labeled with a '4'. Below the red box is a '5'. To the right of the 'Add Learner' button is a 'LEARNER :' section with a list of required fields: 'Given Names - required', 'Family Name - required', 'Sex - required', 'ULN - required', 'Ethnicity - required', and 'Postcode required'.

	Area	Notes
1	Learners tab	This is where information on the learner and Bootcamps is entered
2	Filter	The filter option allows the user to search for a learner using a name, reference number, Unique Learner Number (ULN) etc.
3	Add Learner	This will add a new blank learner section (the right hand screen) The new learner will be added to the Learner list (5) The Ref number will be the next number in sequence

4	Don't export tick-box	If this box is ticked then it will not be exported in the ILR. It is automatically ticked where there are data errors in the information for that particular learner. Once these are fixed the tick in the Don't export box will disappear The box can be ticked so that the learner won't be included in the XML. This may be needed when there are known data quality issues which in the short term cannot be resolved
5	Learner list	This list details all the learners included in the Learner Entry tool

	Field	Notes
1	Delete Learner	Use this button to delete the currently open learner record. A prompt box will pop up asking you to confirm
2	Save	Saves all current data including the currently open learner record. The Learner Entry does not save data automatically as it is added but it will be saved automatically as the application is closed

Learner: Learner Information

The screenshot shows the 'Learner Information' tab in a system interface. The form contains the following fields with numbered callouts:

- 1**: National Insurance number
- 2**: Ethnicity (dropdown menu)
- 3**: Postcode Prior to Enrolment
- 4**: Address (multiple lines)
- 5**: Postcode
- 6**: Telephone

Below the form, there is a checkbox with the text: "Check box if the learner is living away from home in accommodation owned or managed by the provider."

	Field	Notes
1	National Insurance number MANDATORY FIELD	The National Insurance number for the learner, gained from the enrolment form
2	Ethnicity MANDATORY FIELD	The ethnic origin of the learner, based on the 2011 census criteria. This information should be gained from the learner via the enrolment form
3	Postcode prior to enrolment MANDATORY FIELD	The Postcode prior to enrolment is completed when the learner first enrolls on a Bootcamp. It should not be updated if the learner moves house.
4	Address	The details of the learner's current address

5	Postcode MANDATORY FIELD	Current address postcode for the learner. If the learner's postcode is unknown, Learning Organisations must return a postcode of ZZ99 9ZZ. The current postcode may differ from the Postcode prior to enrolment, where a learner has changed residence since enrolling, for example if they are living away from home
6	Telephone and Email	The current telephone number and personal email address of the learner.

Annex H – Non ILR Data Returns

Data Spreadsheets

1. It is mandatory that data is submitted through the ILR on a monthly basis. There is a requirement to submit additional data as well as inputting data via the ILR to support your funding claims and our funding requirements with DfE. Your Contract Manager will share the template with you upon contract inception.
2. You must not report inaccurate information that would result in an overstatement of the funding claimed. Where your data does not support the funding claimed, SYMCA will take action to correct this, and we will recover funds you overstated.
3. Where we are concerned about the quality of the data provided by you, including the completeness or accuracy of the data, we may require you to supply data more frequently for such a period as we deem appropriate and agree how you will improve the quality of your data. We may audit your data and controls, including to gain assurance that quality improvements have been made.
4. The Learning Organisation must issue appropriate privacy notices to learners and employers to enable data collection, sharing and reporting.
